

Aims and Ideas

- Support the Pres in any capacity
- Make OGMs more accessible by emailing out simplified versions of motions, as well as offering both full and shortened minutes, helping to de-jargon the JCR
- Encourage and provide guidance to those wanting to put forward OGM motions so that the process is less daunting
- Make the VP more than a name at the bottom of emails by encouraging people to contact me with both logistical and personal problems, with peer support training if possible, to offer help and direction to College resources
- Update the room ballot documents, such as ensuring there are photos of as many rooms as possible
- Create a request form for the little-known £100 JCR DVD budget, including liaising with Welfare and Entz if they want to host film nights
- Find a superior way to start emails to “hi folks” (sorry Rob)
- (Hopefully) update the JCR website to allow members to access information such as the Standing Orders

Why me?

- I adore lists and I can make some killer spreadsheets (see above)
- I'm efficient (I've somehow managed to avoid any 3am coffee-fuelled essay crises)
- Have organised many events including parents' evenings and Year 6 induction day as a Prefect during Sixth Form
- I'm committed (100% OGM attendance)
- I'm good at mediating in contentious situations, and would offer co-ordination to help year groups work together to make the room ballot less antagonistic

JESS FOR VP

Hi! I'm Jess,
a first-year historian. I'd love
to be your Vice President as
I've really enjoyed my first
year here and want to give
back to the place that I
happily call home.

I
absolutely love this
college and it would be a real
pleasure to serve the JCR as
Vice President 2019-20
(I would also be a very
willingly sober VP at Time
Ceremony- another year off
the port is absolutely
needed)
