

# ELIZABETH DOWN

FOR VICE PRESIDENT

## PROFILE

Hi! I'm Lizzy, a first-year historian running to be Vice President! I want to carry on the amazing work Ross has been doing this year, and even expand on it to make this fantastic college even better! But I can't promise I won't sound cheesy whilst doing it.

I have a lot of relevant experience for the role, perhaps most importantly as a stage manager! If I can deal with rehearsal notes, actors (no shade), and directors demanding 100s of orange balls with a day's notice (see below for evidence), I'm sure I can deal with minutes and OGMs!

Every joke about this picture has been made already but feel free to try

## WHY ME?

### ☑ I have no contact hours

Having one contact hour in a good week means I have a lot of time to commit to the role and my timetable is very flexible

### ☑ I love admin

I love spreadsheets, timetables and organizing things and consider it to be a pleasant break from my actual work

### ☑ I'm approachable

I'm not cool enough to be intimidating so anyone could come to me with issues

### ☑ I'm good at sending emails

'Incredible efficiency at replying, good work'- My GCSE biology teacher

## AIMS AND PRIORITIES

### Accountability!

What happens after a JCR motion has been passed? No one knows! (*For legal reasons this is not strictly true and I appreciate the efforts of previous VPs to make the JCR more transparent*) I want to improve the **system for checking up on motions** a term later either to make sure they get done or to congratulate the relevant JCR members!

### The room ballot!

Ross has done a fantastic job making the room ballot a more efficient and organized process! I want to introduce **sessions explaining how the ballot works** to prevent the spread of pesky rumours (including, but not limited to, that you have to enter as a group!)

### Make the college even more welcoming to freshers!

I want to introduce a **practice OGM** explaining how they work and how hustings are carried out, to make them less intimidating for freshers running for positions at the beginning of Michaelmas! In addition, I would want to organize **activities at matriculation that are not centered around drinking**, to provide options!

## A MEME PROVING HOW COMMITTED I AM TO THE ROLE
